PROGRAM GUIDANCE

1.0 Program Guidance

1.1 Before You Get Started

Before preparing and submitting an application, Eligible Entities (applicants) are encouraged to read the Broadband Equity, Access, and Deployment (BEAD) Notice of Funding Opportunity (NOFO), this Grant Application Guidance, and the [BEAD Program page](#). By carefully reviewing these materials, applicants will help ensure that their Letter of Intent and application for Initial Planning Funds are complete and satisfy the requirements of the BEAD Grant Program. Please note that all applicants are required to be current and registered in www.SAM.gov and have a UEI number in order to receive a Federal award.

Registering with System Award Management

To register or check your SAM.gov registration, go to <https://www.sam.gov> and complete the online SAM registration process. Through this process, you will obtain a UEI (Unique Entity Identifier) or verify if your organization already has one. Note that a new SAM.gov registration or renewal of an expired SAM.gov registration can take up to 7-10 business days to process after being submitted on SAM.gov.

1.2 Standard Terms and Conditions for Department of Commerce Grants

All BEAD awardees are required to comply with all applicable provisions set forth in the following:

- Uniform Administrative Requirements, Cost Principles and Audit Requirements: Through 2 C.F.R. § 1327.101, the Department of Commerce adopted Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards at 2 C.F.R. Part 200, which apply to awards in this Program. Refer to <http://go.usa.gov/SBYh> and <http://go.usa.gov/SBg4>.
- Department of Commerce Financial Assistance Standard Terms and Conditions: The Department of Commerce will apply the Financial Assistance Standard Terms and Conditions in effect on the date of award to each award in this Program. The current version, dated November 12, 2020, is accessible at [Department of Commerce Financial Assistance Standard Terms and Conditions](#).
- Pre-Award Notification Requirements: The Department of Commerce will apply the Pre-Award Notification Requirements for Grants and Cooperative Agreements dated December 30, 2014 (79 FR 78390), accessible at <http://go.usa.gov/hKkR>.

1.3 BEAD Program Eligible Entities

To be eligible for funding under BEAD, applicants must be one of the following types of Eligible Entities: a State of the United States, the District of Columbia, Puerto Rico, American Samoa, Guam, the U.S. Virgin Islands (USVI), and the Commonwealth of the Northern Mariana Islands (CNMI).

Only one Letter of Intent and Initial Planning Funds application from each of these Eligible Entities will be accepted. In the Letter of Intent, the Eligible Entity must name the agency, department, or office that will serve as the recipient of, and administering agent for, any BEAD Program award. The Eligible Entity must also identify an individual who will serve as the main point of contact at that agency, department, or office for the purposes of the BEAD Program, referred to as the Authorized Organization Representative (as specified by the 424 Form).

1.4 Key Submission Dates and Electronic Submission Requirement

NTIA's electronic application system, the NTIA Grants Portal (NGP), will be available at <https://grants.ntia.gov> beginning on **May 13, 2022**. At that time, applicants may submit the Letter of Intent and, following the submission of the Letter of Intent, the BEAD Initial Planning Funds application. Upon completion of the application and submission to the NTIA Grants Portal, the NTIA Grants Portal will send an email to the Authorized Organization Representative with a date and time stamped confirmation of submission. NTIA will review applications in the order they are received. As such, applicants are strongly encouraged to submit their applications as early as possible to avoid last-minute congestion on the intake system and facilitate early review.

All applicants must submit the required materials through the NTIA's electronic application submission system, the NTIA Grants Portal, which can be accessed at <https://grants.ntia.gov>. The application package for electronic submission, including templates, are available on the Project Profile page in the NTIA Grants Portal and on the BEAD program page on BroadbandUSA. NTIA will not accept Letters of Intent or Initial Planning Fund applications via email, fax, or postal mail.

1.4.1 Application Templates

Applicants are required to submit a number of documents using templates or downloadable forms. To ensure an expeditious review of applications, these documents **must be uploaded in the same file type as the provided template or as indicated in the template**. In addition, the formatting of each uploaded document **must be consistent with that used in the provided template**. Failure to provide files consistent with the templates will result in NTIA being unable to automatically process the application and may result in the delayed processing of the application.

The following forms are available to download at www.grants.gov:

- CD-511
- SF-LLL

The following templates are available to download on the [NTIA Grants Portal](https://grants.ntia.gov):

- Budget Narrative
- Detailed Budget Justification

The following documents are built directly into the Portal:

- SF-424
- SF-424C
- Project Summary and Eligibility

Catalog of Federal Domestic Assistance Number

The Catalog of Federal Domestic Assistance (CFDA) number for the BEAD Grant Program is 11.035. The CFDA title for BEAD is Broadband Equity, Access, and Deployment Program.

Applicants should ensure that their uploaded files are not password protected.

1.4.2 Uploads without Templates

Applicants will need to upload documents that do not require or do not have a standardized template, such as the Letter of Intent. For example, while a template is provided for the Letter of Intent, use of this template is not required. In general, NTIA recommends applicants upload Letters in PDF format. For other such templates, please submit in its native form (i.e., if the template is in Excel, submit as an Excel file). Further guidance is provided as to how to submit these documents throughout this instruction.

Applicants should ensure that their uploaded files are not password protected.

1.5 Final Considerations

- Before applying, applicants should **fully read the NOFO and other Technical Assistance materials** available on the [BEAD Program page](#) on www.internetforall.gov, as well as applicable OMB circulars governing administrative requirements, cost principles, and audits (refer to above [Section 1.2](#)).
- **Applicants may receive funding only for costs established in the NOFO as eligible costs** for the appropriate project category.
- By submitting an application, the applicant certifies that the information and responses in the application **are material representations of fact and are true and correct**.
- Once the application has been submitted, it is presumed that the application is final and the applicant will no longer be able to make changes to the application in the portal. If an **applicant needs to make changes to an application, the applicant must contact NTIA for assistance**.

For more information about using the Salesforce Authenticator mobile app for multi-factor authentication, view this video: [How to Use Salesforce Authenticator for MFA Logins](#).

What is Multi-Factor Authentication?

Multi-factor authentication (MFA) is a digital authentication method used to confirm the identity of a user to allow them access to a website or app through at least two pieces of evidence. With an authenticator app downloaded onto your mobile device, users are given an automatically generated code that refreshes, typically every 30 seconds. Using an authenticator app on your mobile device bolsters your online security.

2. If you selected to use the Salesforce Authenticator mobile app verification method, follow the instructions on the **Connect Salesforce Authenticator** screen, or use the instructions outlined in the following sections.

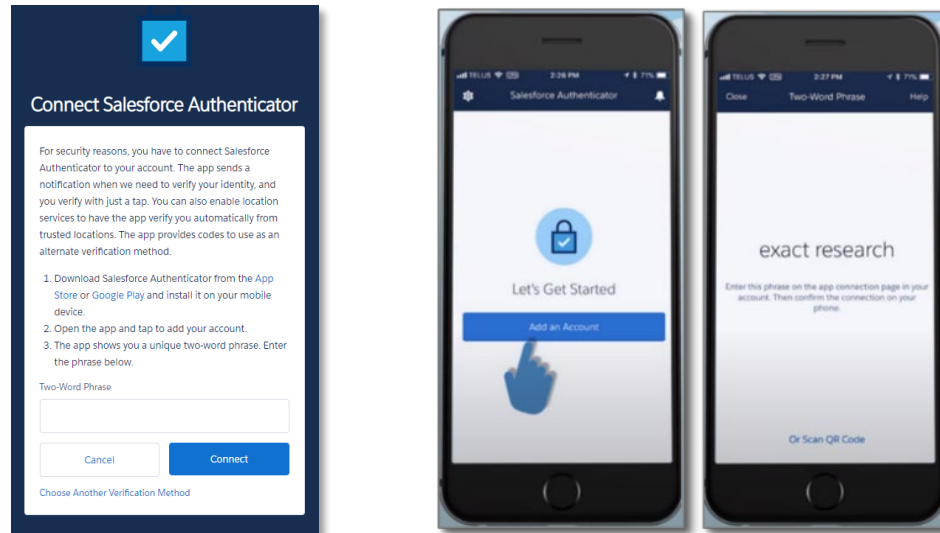

2.4.1 Downloading and Installing the Salesforce Authenticator

1. Search for Salesforce Authenticator in your phone's app store.
 - a. iPhone/iOS users will search in the Apple App Store.
 - b. Android users will search in the Google Play Store.
2. Follow your screen's prompts to install the app on your phone.
3. Open the Salesforce Authenticator app and follow the verification setup activities when you are prompted (mobile number verification, four-digit passcode setup).

2.4.2 Connecting the Salesforce Authenticator to Your NTIA Grant Portal Login

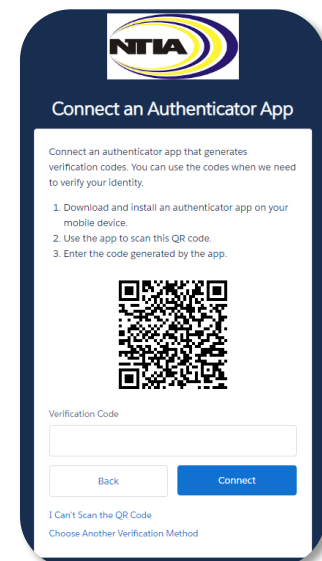

1. In the Salesforce Authenticator app on your mobile device, tap **Add an Account**.
2. A unique two-word phrase will appear in the app, enter the phrase into the **Connect Salesforce Authenticator** screen and click **Connect**.
3. Confirm the connection in the Salesforce Authenticator app and you will have successfully paired your account.

Note: You will only need to connect your account once. You will continue to use the Salesforce Authenticator to approve future logins.

If you opt to use another authenticator app (other than the Salesforce Authenticator App), follow the instructions on the **Connect an Authenticator App** screen. The following is a list of commonly used Authenticator Apps available to download from the app store onto your mobile device:

- Google Authenticator
- Lastpass
- Microsoft Authenticator
- Authy by Twilio
- 2FA Authenticator
- Duo Mobile
- Aegis Authenticator

Note: You will only need to connect (pair) your account once with an authenticator app. You will continue to use the authenticator app to approve future logins.

2.5 Log into the NTIA Grants Portal Using the Connected Authenticator App

<https://grants.ntia.gov/grantsPortal/s/>

Once you have installed and connected the authenticator app on your mobile device, you will continue to use the app to verify your identity each time you log into the Portal.

1. Enter your Username (your email address appended with **.ntia**) and Password into the fields in the NTIA Grants Portal on your computer web browser. The Portal will send a notification to your mobile device.
2. The authenticator app will provide details of the login request, including Username, Service, Device, and Location.
3. Review the login details, then tap **Approve**; if you do not recognize the request, tap **Deny**.

A note below the login fields states: 'Note: Your username is the email used to register for the NTIA Grants Portal with .ntia as the suffix, e.g., for JohnSmith@organization.com, the registered user name would be JohnSmith@organization.com.ntia'. At the bottom of the page is a 'NOTICE TO USERS' section with a detailed disclaimer about the U.S. Government information system, including a warning about unauthorized use and the presence of Controlled Unclassified Information (CUI).

4.5 Detailed Budget Justification and Budget Narrative

Applicants must upload both a Detailed Budget Justification and a Budget Narrative to the NTIA Grants Portal. Templates for both of these required documents are available on the BEAD Program Page on the NTIA Grants Portal and also available on the BEAD Program webpage on www.internetforall.gov.

The applicant must ensure that the total project budget information matches across ALL budget forms and templates, including the SF 424, SF-424C, Detailed Budget Justification, and Budget Narrative.

4.5.1 Budget Narrative

Applicants are required to submit a Budget Narrative that adequately describes all proposed activities and costs for their grant-funded project. The applicant must download the Microsoft Word file template (available on the NTIA Grants Portal and on the BEAD Program webpage on www.internetforall.gov), fill in all required information, and upload the completed file to the NTIA Grants Portal. **The upload must be provided as Word file, and not converted to a PDF prior to upload.** There is no word limit.

The following information should be included in the budget narrative, following the template provided on the NTIA Grants Portal and on the BEAD Program webpage on www.internetforall.gov:

- Applicant Name
- Organization Type
- Proposed Period of Performance
- Total Project Costs
- Total Federal Grant Request

The applicant should provide the following information under the respective headers:

4.5.2 Administrative and Legal Expenses

Administrative and legal fees should be listed by category (ex. rent, training, grant management, etc.), or broken down by line item as much as possible. Each line must include the total time (ex. total number of hours), cost per unit, and the total cost for that line item. If applicable, time commitment(s) such as hours or level of effort should be provided.

Along with the calculations for each line item, applicants must provide a description of each charge to include what it is, who will be doing it (if applicable and if known), and how it relates to the project objectives. If the applicant will be providing a cash or in-kind match in this cost category, this must be noted and explained in the justification.

If an applicant plans to charge indirect costs to this award, they should also be included into the Administrative and Legal Expenses line item. The Detailed Budget Justification template and the budget narrative should clearly explain how they are being applied and to what. Additionally, if indirect costs are proposed, the applicant must also be sure to attach a copy of their most recent negotiated indirect cost rate agreement for analysis by the NIST Grants Management Division to ensure they are applied appropriately.

Examples of Administrative Expenses
Include Costs Attributable to:
 Accounting, auditing, contracting, budgeting, and general legal services; facility occupancy costs, e.g., rent, utilities, insurance, taxes, and maintenance; general liability insurance that protects the organization (not directly related to a program); depreciation on buildings and equipment; general office supplies; and general and administrative salaries and wages.

If indirect costs are proposed in addition to local match/cost share, the applicant is required to provide in their budget narrative the break-down of the federal amount and local share of indirect costs, consistent with OMB Memorandum M-22-02 to assist with government-wide reporting of indirect costs.

4.5.3 Sample Justification for Federally Funded Activities

Activity	Total Time	Rate	Total Cost
Grant Management activities	300 hours	\$50 per hour	\$15,000
Legal Fees	60 hours	\$150 per hour	\$9,000

Example details for items above:

Grant Management Activities (\$15,000) – Staff time (exact staff TBD) to complete mandatory grant management activities such as completing reports, responding to audit requirements, conducting budgetary activities, and other activities as required by the grantor. These activities are necessary to meet the reporting and compliance requirements of the grant program. This position will be Federally funded/not match funded.

Legal Fees (\$9,000) – Development of agreements and MOUs between the various organizations involved in the grant, to include sub-grantees. Also, will conduct legal reviews for all contracts.

4.5.4 Detailed Budget Justification

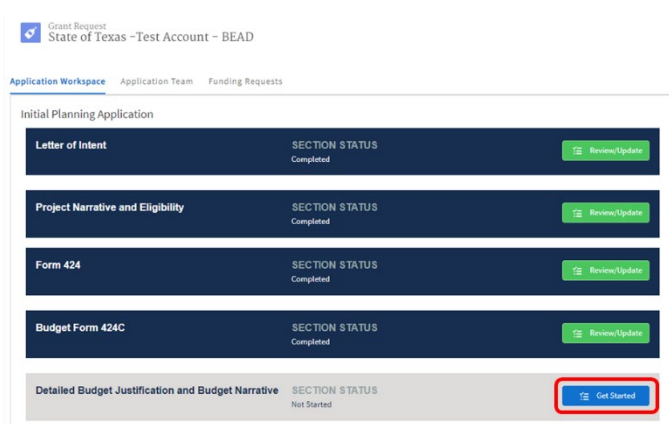

Applicants are required to submit a Detailed Budget Justification to provide general budget information and detailed project costs. The applicant must download the Microsoft Excel file template (available on the NTIA Grants Portal and on the BEAD Program webpage on www.internetforall.gov), fill in all required information, and upload the completed file to the NTIA Grants Portal. The upload must be provided as an Excel file, and not converted to a PDF prior to upload. The applicant should not alter the layout of the provided templates, except to insert additional line-items as needed.

Tips for Completing Detailed Budget Justification

- All budget amounts must exactly match or tie out across all budget justification. For example, do not provide estimates or approximate amounts in the Budget Narrative that do not exactly match amounts the SF-424, SF-424C, and all relevant sections in the application.
- All subtotals and totals (including line items) must be rounded to whole dollars without cents. Although unit costs may include cents, once multiplied by the number of units, the result must be rounded to the nearest whole dollar. Amounts ending in \$.49 or less should be rounded down to the nearest whole dollar, while amounts ending in \$.50 or more should be rounded up to the next whole dollar. (For example, a subtotal of \$2.17 would be rounded down to \$2.00, while a subtotal of \$2.72 would be rounded up to \$3.00.) It is acceptable if .00 appears at the end of an amount; that is auto-formatted in some versions of the form.
- All project costs should be contained in the budget justification. Subrecipient costs should be rolled up into the primary applicant's budget justification. Do not provide separate budgets or budget documentation for subrecipients.
- All direct and indirect costs will be evaluated for allowability, allocability, and reasonableness according to the relevant cost principles. Only include costs that meet all criteria and note that additional detail or documentation may be requested.

4.5.5 Detailed Budget Justification and Budget Narrative Submission Instructions

1. Click the **Get Started** button to begin the Detailed Budget Justification and Budget Narrative section.

2. Click the **Upload Files** button, or drag and drop files into the space provided for each required document.

3. Click the **Done** button.

4. Enter **Total Federal Funds Requested** into the field provided, then click the **Save** button to return to the Application Workspace.

Note: This Amount should match field 18a from the Form 424.

4.6 Negotiated Indirect Cost Rate Agreement – as applicable

If indirect costs are included in the proposed budget, the applicant must upload a copy of the approved negotiated agreement if this rate was negotiated with a cognizant federal audit agency. If the rate was not established by a cognizant federal audit agency, provide a statement to this effect. If the successful applicant includes indirect costs in the budget and has not established an indirect cost rate with a cognizant federal audit agency, the applicant will be required to obtain such a rate in accordance with Section B.06 of the Department of Commerce Financial Assistance Standard Terms and Conditions Dated November 12, 2020.

Alternatively, consistent with 2 C.F.R. § 200.414(f), applicants that do not have a current negotiated indirect cost rate may elect to charge indirect costs to an award pursuant to a de minimis rate, in which case a negotiated indirect cost rate agreement is not required. Applicants proposing a de minimis rate pursuant to 2 C.F.R. § 200.414(f) should note this election as part of the budget portion of the application.

4.7 Additional Required Documents

All additional documents should be signed by the AOR identified in the SF-424. Ensure that the name listed and the signature match.

4.7.1 Form CD-511- Certification Regarding Lobbying

The applicant must upload a completed Form CD-511 Certification Regarding Lobbying that certifies that Federal funds *have not* been used and *will not* be used for lobbying in connection with this request for Federal financial assistance. A fillable Form CD-511 is available to be downloaded and filled out on the BEAD Program page on the NTIA Grants Portal and on the BEAD Program webpage on www.internetforall.gov.

Form CD-511 Certification Regarding Lobbying. The form includes instructions for completion and a section for the applicant to provide a statement regarding lobbying activities. It contains fields for award number, project name, and applicant information.

4.7.2 Standard Form-LLL- Disclosure of Lobbying Activities

The Standard Form-LLL- Disclosure of Lobbying Activities must be completed and submitted for those applicants that need to disclose lobbying activities that have been secured to influence the outcome of a Federal action.

It includes sections for federal department/agency, federal action number, and lobbying register information.

4.7.3 SAM.gov registration

The System for Award Management (SAM.gov) is an official website of the U.S. Government. The SAM database is managed by the General Services Administration, which is responsible for acquiring goods and services for government agencies. In order to do business with any federal government agency, an Eligibly Entity must complete SAM registration on SAM.gov. **There is no cost to use SAM.gov.**
