- Our EVs have a standard battery capacity and range. The performance of that battery depends on the conditions under which it is operated, which is the responsibility of the driver.

These charges will be processed on your chosen method of payment as detailed in **Annexure 1 (Charges Explained)**.
- You have the option of purchasing Toll Cover to pre-pay a flat daily rate for your toll charges incurred during your rental, as advised at the time of reservation. For details, see **Annexure 4 (Optional Renter Protection Services)**.

In New Zealand

 - you will be liable for the costs related to that offence, whether or not you were the driver at the time;
 - we will transfer liability for the offence to you by passing on your details to the relevant authority and charge you a processing fee. The processing fee is charged to your Card provided at the time of Rental;
 - you have the right to challenge, complain about, query or object to the alleged offence directly to the authority that has issued it; and
 - you have the right to ask for a court hearing in connection with any offence (but you must ask for this within 56 days of the offence notice being issued, or within 28 days of the reminder notice).
- In the event that we are unable to transfer liability for the offence to you by passing on your details to the relevant authority, we will charge your Card for the total amount of the offence, and we will pay this to the appropriate authority as soon as we can.

Important

- In addition to any fine, parking charge or toll you incur, we may also apply a Processing Fee to reimburse us for the time and costs we incur in dealing with these matters. Please refer to **Annexure 1 (Charges Explained)**

Breakdown

- **Assistance:** If you experience any problem with the Vehicle due to mechanical failure you agree to stop driving (as soon as practicable), park the Vehicle and call our roadside assistance (see **Annexure 6 (Contacts)**) and they will arrange help. If the problem was your fault (e.g., running out of fuel, losing the keys or locking the keys in the Vehicle), you will be responsible to us for the cost of providing roadside assistance and any parts provided. See [Annexure 1 \(Charges Explained\)](#) for charges associated with roadside assistance and towing.

Maintenance: In the case of a long-term rental (being a rental over 30 days), if the rental period spans the normal maintenance period (being the next service noted on a sticker inside the windscreen, or a service indicator illuminating on the dashboard). You must contact the nearest Hertz location to arrange return of the Vehicle to be serviced or exchanged.

Refer to [Annexure 1 \(Charges Explained\)](#) and [Annexure 4 \(Optional Renter Protection Services\)](#) for more detail.

Accidents

If you have an accident or if the Vehicle is stolen, you agree to co-operate with us and/or our insurer in any investigation or subsequent legal proceedings. Failure to do so may incur additional costs, loss or damage that will be charged to you. You must also take the following steps:

- **Notification:** you must inform Hertz in the event of any accident irrespective of whether it results in the Vehicle being damaged or lost, or in the event of theft. You must report the accident to Hertz as soon as practicable and in any event within 24 hours. **In the event that you fail to notify Hertz within 24 hours and Hertz incurs additional costs as a result of the failure to inform, then you may be charged for any additional costs reasonably incurred by Hertz.** Report the accident to the police as soon as you can if anyone has been injured or any property has been damaged.
- **Vehicle Incident Report (VIR):** complete the VIR providing the details of your accident or the theft including any third-party information even if there is no damage to the Vehicle. The VIR must be completed and signed by you and provided to a member of staff when you return the Vehicle. Alternatively, the VIR can be found online or [Annexure 3 \(Damage Policy\)](#)

Damage and Loss

Responsibility:

- If the Vehicle is lost, stolen, abandoned or damaged during the rental (e.g., involved in an accident), in respect of each individual incident you may be responsible even if it was not your fault (e.g., other driver's fault). This liability applies except to the extent that:
 - the damage constitutes fair, wear and tear on the basis that it does not fall within the definition of "Damage" specified in the Definition of Damage Flyer found on our website, in [Annexure 3 \(Damage Policy\)](#) or provided to you at the start of your rental.
 - the loss or damage is directly due to our negligence or willful default including our failure to properly maintain the Vehicle; or
 - the damage or loss was caused by a third party, and you have complied with your obligations under the Accidents section so that we have sufficient details about the third party and/or their insurer for us to recover the loss or damage from the third party and/or their insurer. We may charge you the estimated damages or your applicable liability (whichever is less) per incident and once the loss or damage is recovered, we will refund you any difference owed.

In Australia

- the damages include personal injuries covered by compulsory third-party insurance or a statutory transport accident compensation scheme.

Important

Incident Damages:

If the Vehicle (including keys or accessories is lost, stolen or damaged, for each incident You are responsible for:

- the loss or damage to the Vehicle.
- any towing and storage charges.
- loss of rental income; and
- other losses or expenses related to the incident,

up to the Loss Damage Liability (LDL) amount per incident (unless the loss or damage arose as a result of a Prohibited Use – in which case Your liability will not be limited to the LDL amount).

You must complete an Incident Report (during or within 24 hours of the end of Your rental period) to benefit from any reduced or waived liability in this regard.

The Incident Report can be given to You by our staff at the Rental Counter, or it is accessible online refer to [Annexure 3 \(Damage Policy\)](#)

Calculation of loss of rental income

- Loss of rental income will be calculated by multiplying the number of days the Vehicle is unavailable to rent due to repairs or replacement by 70% of the then current daily rate of rental of that Vehicle.

Optional Renter Protection Services

- If you have purchased Maximum Damage Waiver (**MDW**), and your Vehicle is not an Adrenaline or Heavy Commercial Vehicle) your liability for loss or damage of the Vehicle (and other damages – see above) is zero, Note that your liability is not able to reduce to zero for commercial and adrenaline Vehicles. (Refer to your rental agreement.)
- If you have purchased a full or partial Loss Damage Waiver (**LDW**) or Loss Damage Reduction (**LDR**), your liability for loss or damage to the Vehicle (and other Incident Damages – see above) is capped at the reduced amount specified in the Rental Agreement.

Consequences of using Vehicle for a Prohibited Use

- If the Vehicle is used for a Prohibited Use and this caused, or contributed to, loss or damage to the Vehicle, you may be liable to us for that loss or damage to the Vehicle up to the full value of the Vehicle. You may also be liable for:
 - the Hertz Claims Management Fee and External Damage Assessment Fee if there is damage to the body of the Vehicle or the Processing Fees for other types of loss or damage (e.g., cleaning due to smoking in Vehicle).
 - any towing and storage charges.

- loss of rental income; and
- other losses or expenses related to the incident.
- Your liability to us will not be limited to the LDL, and LDW, LDR or MDW will not apply to reduce or eliminate this liability. Other **Optional Renter Protection Services** you may purchase will not apply to limit your liability.
- You are responsible for any third-party property damage or loss arising from the Prohibited Use of the Vehicle and you must indemnify us for any claim made against Hertz for that damage or loss. Your liability for personal injuries resulting from the Prohibited Use of the Vehicle is covered by the statutory schemes for transport accident compensation in each State or Territory, subject to the conditions and limitations of those schemes. Hertz may charge any third-party property damage or loss arising from a Prohibited Use to your chosen method of payment provided at the time of rental.
- If the Vehicle is used for a Prohibited Use, or if we have reasonable grounds to suspect that it has, we may terminate the Agreement and take the Vehicle back at any time at your expense.

For details on the Hertz Claims Management Fee, the External Damage Assessment Fee or the Processing Fees, see **Annexure 1 (Charges Explained)** and available online.

- any towing or storage charges;
- loss of rental income (**See Calculation of loss of rental income:**);

If the Vehicle is used for a Prohibited Use, to the extent allowed under applicable law, your liability will not be limited and our **Optional Renter Protection Services** will be void. See full list of **Prohibited Uses**.

Calculating and charging for damage

The process set out below for calculating and charging for damage only applies if you did not purchase MDW.

Vehicles which are lost, stolen, or involved in an incident with a third party.

- If the Vehicle is lost, stolen or damaged or a 3rd party is involved in the incident, Hertz will charge your Card (as defined in **Annexure 1 (Charges Explained)**) at the LDL level indicated on the Rental Agreement, while investigating the incident and assessing the amount of the Incident Damages. After the investigation and damage assessment concludes, Hertz will do one of the following:
 - if Hertz finds that you were not liable for the incident and Hertz is able to recover the full amount from the third party then the amount charged on your Card will be refunded; or
 - if Hertz finds that you are liable and:
 - The LDL amount charged on your Card was more than the amount of the Incident Damages, Hertz will refund you the difference; or
 - If the amount of the Incident Damages was more than the LDL amount charged on your Card; no further charges will be levied.

Vehicles which are damaged and do not involve a third party.

If the Vehicle is damaged and no third party is involved in the incident, Hertz will notify you (where a valid email address is provided) that a damage incident has been recorded and will commence a damage assessment.

After the damage assessment concludes if the assessment determines that you were responsible for the damage then Hertz will charge your Card (as defined in **Annexure 1 (Charges Explained)**) with prior notification (where you have provided a

valid email address). The amount charged will be the amount Hertz has assessed as being the Incident Damages up to the LDL amount stated on your rental agreement.

If there has been a Prohibited Use which has led to loss or damage, then you will be liable for all costs and damages associated with the incident. This is the position even if MDW, LDR or LDW has been purchased.

For details on how Hertz calculates loss or damage to the Vehicle and how we will charge you, see [Annexure 3 \(Damage Policy\)](#).

Security: You are responsible for the security of the Vehicle and any accessories provided and should try to minimise the risk of theft or vandalism by parking in a safe place. Always remove valuable items from sight and make sure the Vehicle is locked. You must also comply with our return instructions (see [Return](#) below).

Purchase of insurance from third party: If you have purchased **excess waiver insurance** or similar from a third party to cover your liability to Hertz, you will remain liable for payment to us irrespective of whether you obtain reimbursement from your insurer.

Personal possessions

You are responsible for loss or damage to your or your passengers' personal possessions in the Vehicle even if it was not your fault. Your liability will not be limited to the LDL. Loss or damage to personal possessions is not covered by any Optional Renter Protection Services.

Return

Obligation to Ensure Vehicle is Returned

You must ensure that the Vehicle is returned:

- To the return address, and by the date and time reflected on your Rental Agreement; and
- Subject to **Fair Wear and Tear**, in the same condition as it was at the commencement of the Rental Period.

Except in cases of theft, or Accident, if the Vehicle is not returned in accordance with this Agreement, you will be in **Material Breach** of this Agreement.

Variations

If you want to request a change to the return time, return date, return location, or arrange for us to collect the Vehicle:

- You must phone the number provided on the Rental Agreement and make your request; and
- You must make the request before the return time and return date stated on the Rental Agreement.

Any changes to the Rental Agreement, are subject to our discretion.

You may be subject to additional charges, depending on the type of changes to the Rental Agreement we agree to with you. Any additional charges that may apply will be explained to you when you contact the return location.

Examples of the additional charges that may apply include:

- If we agree that the Vehicle may be returned to a location different to the one stated on the Rental Agreement, then you may be charged a One Way Fee, and/or reasonable estimate of the costs.
- If we agree that we will arrange for the Vehicle to be collected (rather than returning the Vehicle to the address on the rental agreement), then **Delivery & Collection Fees**
- If we agree that the Vehicle may be returned on the same date and at the same location on the Rental Agreement, but later than the time specified on the Rental Agreement, then in circumstances where the agreed "later time" is within the Hertz locations staffed hours, then you may be charged an **Additional Rental Day**.
- If we agree that the Vehicle may be returned at a date after the date on the Rental Agreement, then you will be charged the applicable fees and costs for the extension.

You will not be charged an Additional Rental Day if the "later time" that the Vehicle is returned, is within 59 minutes of the original agreed time stated on the Rental Agreement.

Key Information

Your rental charges are calculated in 24-hour periods from the time shown on the Rental Agreement. If you return the Vehicle more than 59 minutes late you enter into a new 24-hour period and will be charged for that and every successive 24-hour period you enter at a current, standard rate.

- To help you, we typically allow a 59 minute 'grace period' to return the Vehicle without being charged an extra day.
- Returning to a different location may incur a One Way Fee and other charges

Outside of Operations Hours

This is a special situation outside of our standard business practice which must be agreed to by both parties.

We may agree that the Vehicle can be returned to the agreed return location outside of the agreed return location's staffed hours within the following timeframe (Out of Hours Time Frame):

- Before the commencement of staffed hours of the location on the agreed date' or
- After the staffed hours of the location and before the commencement of staffed hours on the day after the agreed return date.

BEWARE that in such circumstances:

- You must comply with “Return Procedure - Vehicle returns Outside of operating Hours” (below); and
- You acknowledge and agree that You will remain responsible for the Vehicle until the location reopens per normal staffed hours.

If the Vehicle is vandalised or stolen after it is returned to an agreed location outside of staffed hours, you will be liable in accordance with the Damages Policy at **Annexure 3 (Damage Policy)**.

When the agreed location reopens in accordance with its normal staffed hours and Our staff regain possession and control of the Vehicle, you will no longer be responsible for damage or loss to the Vehicle that occurs after that time.

Please note that the position above is due to the fact that even if the Vehicle is returned to the agreed location, we do not practically regain possession or control of the Vehicle because Our staff are not at the location.

By prescribing the Return Procedure below for returns outside of staffed hours, we do not accept responsibility for the Vehicle.

Because the risk of loss or damage to the Vehicle remains with you until Our staff regain possession or control, you should consider whether returning the Vehicle outside of operating hours is appropriate for your circumstances.

Standard Procedure on Return

- If the Vehicle will be returned during operating hours at the agreed return location refer to: **General Return Procedure**
- If we agree that you can return the Vehicle outside of operating hours, refer to **Special Return Procedure – Vehicle returns outside operating Hours**.

General Rental Procedure

Remove any personal property from the Vehicle.

You are to remove any personal possessions from the Vehicle. We are not responsible for loss of damage to any of your or your passenger’s personal possessions sustained throughout or after Rental Period. We will take reasonable steps to return any personal property we find in the Vehicle to you however, we accept no liability or obligation to do so, and you will be responsible for paying for the costs incurred or payable for any return.

Fuel and Electrical Charging

You must ensure that the Vehicle is returned in accordance with the **Fuel and Electrical Charging Policy at Annexure 2**

We inspect the Vehicle you rented from us for loss or damage as soon as reasonably practicable, but generally within 60 minutes of the Vehicle being returned (or within 60 minutes of the location reopening), we will inspect the Vehicle to determine whether the Vehicle has sustained any damage during the Rental Period, not attributable to **Fair Wear and Tear**.

You should allow time to complete the inspection of the Vehicle with our staff and agree on any damage that is identified. If you don’t have time to do this or you return the Vehicle outside of staffed hours, the Vehicle will be inspected in your absence.

In the assessment, we compare the condition of the Vehicle upon return against the condition of the Vehicle at the start of the rental as documented by:

- Vehicle Condition Report given by us at the beginning of the Rental Period.
- Any time-stamped photos we have and those that may have been uploaded on “My Journey Portal” when the Vehicle was picked up or uploaded within 60 minutes of the Vehicle being picked up in circumstances when the Vehicle was picked up in poor weather or bad lighting conditions.

Damage identified during the post-rental inspection and our assessment of it is subject to our Damage Policy at **Annexure 3 (Damage Policy)**.

Special Return Procedure

Vehicle Returns Outside Operating Hours

If we have agreed that the Vehicle is to be returned within the after operating hours' time frame, then in addition to the requirements of the standard return procedure stipulated above you must ensure the following:

- You must confirm with the location where the Vehicle is to be parked and where the Keys are to be placed after the Vehicle is locked
- Keys must not be given to anyone even if they appear to be our staff when the Vehicle is returned outside of staffed hours.
- Time-stamped photographs of the Vehicle condition are taken and uploaded to [My Journey Portal](#).
- Note that an after hours fee may apply, See [Annexure 1 \(Charges Explained\)](#)

Missing Key Not Returned

In the event you forget to return the key when you return the Vehicle, we will attempt to make contact with you if you haven't contacted us prior. The key must be returned to the closest Hertz location or location where the Vehicle was returned. We allow 24 hours for you to arrange the return of the key otherwise we will class this as a prohibited use, and you will be billed for the key replacement cost.

Providing Credit

- If you do not pay the full balance of rental charges due on your return of the Vehicle (for example, because we cannot process the payment on your credit card) you agree that this constitutes an application by you for credit because the payment of this balance will then be deferred by us for at least 7 days. We will notify you of the amount of credit and when payment is due. You agree that on the due date, we may process the payment of the full amount on your card.

Charges

Charges

Notification: We will check the Vehicle on your return and add

any additional charges that may arise from your use of the Vehicle, such as for fuel. We will provide you with a revised invoice on return of the Vehicle if the amount owing is different to the estimate of charges provided at the start of the rental. We will charge your Card (as defined in [Annexure 1 \(Charges Explained\)](#) on return of your Vehicle with the additional amounts set out in the revised invoice.

As some charges can't be finally determined on return such as the fines and tolls, we receive relating to your rental or damage to the Vehicle, we may recover these additional charges by charging your Card within 90 days after the rental period.

We will provide notice to you of these charges by email on request or you may download the final invoice via your My Journey Portal available via our website. If these charges are not paid (e.g., credit card is rejected or invoice is not paid) for 7 days, you **agree that this will be an application by you for credit**.

If you do not pay the amounts due to Hertz under your Rental

Agreement (including any credit provided to you) in accordance with this Rental Agreement, you must pay interest calculated at the rate set out in [Annexure 1 \(Charges Explained\)](#).

Please see [Annexure 1 \(Charges Explained\)](#) for further information.

Charging your card

- You must pay Hertz for all charges with a credit, Visa/ MasterCard debit or charge card that is accepted at the pickup location (Card) or by cash.
- You also authorise Hertz to reserve credit or obtain authorisation on the Card for the amount and the expected cost of the rental plus a security bond or other such amount advised at the time of reservation.
- Some Hertz locations accept cash for the cost of your rental, however, a valid credit / debit card must be provided to authorise the estimated cost of your rental and any bond upon collection. Once the Vehicle is returned, the authorisation will be released, and you can pay in cash or by card for any costs at this time.
- You authorise Hertz to charge the Card that you provided to pay the rental charges or for the security bond, with any amount that you owe

Hertz under the Agreement up to 90 days after the Vehicle has been returned. If the Card is not in your name, you guarantee that Hertz has the authority to charge the Card under the Agreement.

- Where interest is payable on any outstanding rental charges or other amounts due under the Agreement, this interest will be calculated daily from the next day after the due date up to and including the date of payment at the rate equal to the official cash rate for the country the rental occurred in plus a 2% margin.

In Australia

- We may provide you with credit under the Agreement by deferring payment of your rental charges for 7 days or more. If we do, we will fall within the definition of a 'credit provider' under the Australian Privacy Act 1988, and the Credit Reporting Code registered under that Act. Depending on who you are and the purpose of your rental arrangement, we may provide you with commercial or consumer credit.

We ask you to present a copy of the fuel receipt to a Hertz employee or leave a copy in the Vehicle. If you do not do so, we reserve the right to apply a small charge – please ask at the counter for details.

Annexure 3 – Damage Policy

Your responsibility for damage to the Vehicle is set out at the Damage and Loss section of the Rental Terms. This policy covers how we assess and charge for damage and how we deal with any disputes relating to damage assessed.

Checking the Vehicle

We will provide a summary of any damage on the **Vehicle Condition Report (VCR)** provided or found on the Rental Agreement at the start of your rental. Please check the condition of the Vehicle when you collect it and if there is any discrepancy approach a Hertz representative and request that the Vehicle Condition Report be amended or a new report be prepared. You are invited to take a time stamped photograph of the relevant pre-existing damage before leaving the rental location and show a Hertz representative on return.

We will also inspect the Vehicle on your return and provide a **Vehicle Incident Report (VIR)** to record any new damage, which will not include any fair wear and tear.

At peak times you should allow time to complete the inspection of the Vehicle with our staff and agree any damage. If you don't have time to do this or you return the Vehicle when the location is closed, any new damage will be assessed in your absence. If you have taken date & time stamped photograph of the relevant pre-existing damage, show a Hertz representative.

Sensors

Drivers are responsible for damage to the Vehicle (subject to these terms and conditions). In the event that the sensors are not active or are malfunctioning the driver is not alleviated from responsibility for the damage.

Damage assessment and charging

There are three common scenarios:

i. **Damage – agreed on return.**

For damage agreed with you on return, we will take the relevant photos, create a Vehicle Incident Report (VIR) and organize a damage cost assessment through a third party.

ii. **Damage – not agreed because you are not present, or you are present but disagree with the damage identification.**

If you are not present on return, our counter staff will take the relevant photos of the Vehicle, create a Vehicle Incident Report (VIR) and organise a damage cost assessment through a third party.

iii. **Damage – not agreed because you are not present, or you are present but disagree with the damage identification.**

If the damage is significant, we will create a Vehicle Incident Report (VIR), refer it to our damage assessors for evaluation and organise a cost assessment.

Important

Damage

We aim to deal with a damage assessment in a quick and practical way by using a 3rd party repair assessment system. The damage assessment will ensure that you are accurately charged the relevant damage cost assessment.

Notification and evidence of damage

We will provide you with the following documents in respect damage:

- I. a system generated letter detailing the damage to the Vehicle.
- II. photos of the damage to the Vehicle.
- III. the Rental Agreement listing the date, time and return location and any pre-existing damage.
- IV. the final tax invoice/statement of charges that includes the amount charged for damage to the Vehicle and other fees and losses related to the damage.
- V. the Vehicle Incident Report (VIR); and
- VI. a damage cost assessment from a repair body shop and/or the invoice for the repairs.

Charging and other items

We will charge your Card with the amount set out in the final tax invoice that we have sent to you within 90 days of the date you returned the Vehicle. If we have charged your Card with an estimated amount or the applicable liability, and the amount of final invoice is less than the amount charged, we will reimburse you for the difference.

Damage Disputes

Damage claims are unique and resolution time frames for each claim varies as we are required to liaise with outside parties and arrange for the repair of Vehicles.

If you wish to dispute our assessment of damage, please contact the Hertz Claims Management Team using the contact details in [Annexure 6 \(Contacts\)](#)

If you cause loss or damage to a Vehicle or its accessories (Including keys), you must complete an Incident Report (during your rental period or within 24 hours of its end) to benefit from any reduced or waived liability. The Incident Report can be given to you from the Rental Counter, or it is accessible online, here:
